resulted in a very firm London market. On this account, the initial local dealings showed common, although fractional advances. But the trading from the start was characterized by no little irregularity. Foreign houses bought quite freely at the opening of business, and their purchases corned for the time to counterbalance the served, for the time, to counterbalance the evident local liquidation. With the ceisation of the foreign buying, however, the market became very dull, and the rear-

Similar movements were noted in the anthracite coel shares. Other comparatively firm features were C. C. C. and St. Louis and Canada Southern. New York C nural also advanced with the opening of busin as, but that stock likewise joined in the subje-

The trading in neither the industrial quarter nor the local traction group devel-oped any features of particular interest, and for the most part the movements in those quarters were altogether in line with the price changes in the general market. As a matter of fact, in view of the w-ck's advance in prices, the results of the day's dealings were by no means extraordinary The day was virtually bare of local devel-opments of any importance. There were few interesting statements of railway traffic submitted, and the money market con-tinued unruffled, notwithstanding the week's gold shipments, and pro pacts of a heavy reduction in the banks' reserves in Saturday's statement.

Western Union Tel..... 81 81 81 81 Yesterday's stock market was reaction ary, although not in any alarming was Prices went off fractionally in the majori of securities, and a point or more in on or two of the specialities. This was who was expected by conservative p opic. T boom, such as it was during the first thr days of the week, put prices up two three points, and a reaction was due, the market is still largely profession The market leaders and the public are s away from Wall Street. There is nothing in the present situation to induce caref people to look for a change in the mark though there has been some talk of a box among people more optimistic that thoughtful or conservative. The fine was which the more market has stock to in which the money market has stood t large export of gold during the past i weeks, the better news from China, the cent increases in dividends in come of t important railway securities, the big ear ings by the railway and industrial cor panies, the big July exports, the bett outlook for the corn crop, are all most in portant matters that will have a wide i fluence on the stock market in time, b they are not the things that will indu Mesers. Vanderbilt and Morgan and F and Rockefeller to give up their vacatio Nothing will do this except cooler weath It may be predicted with much confiden however, that the excellence of the gare noweer, that the executence of the gra-coutlook will surely prevent any big decli-in stocks during the bot mouths, althous it is not potent enough to make busines. There was some activity in the openin-market yesterday, but before the first to bours were over there had been a lap again into the duliness of last week. The while he careful market people is not ndvice by careful market people is not buy on the top of such advances as that the past few days, but to be ready to be on all recessions for a good advance befo the present season is over.

Money continues cheap, much to the sur-prise of a large part of the street, which had looked for probable stringency when the outflow of gold to London began. Some well informed financial men say that the Treasury Department will come to the res-cue of the money market at any time that it may be necessary, and not allow any ciringency during the coming campaign. Possibly it is in expectation of this that call money rates continue abnormally lov. Possibly it is the expectation of this that call money rates continue should be looked for under any circumstances, as the country is sending gold to Europe because it has a plenty, and not because it is force I to, as other Continental markets remained un-

cessions were taking place in the grangers, the Pacific securities, and, in fact, the list generally, this stock went up to 125 and held its advance excellently furing the morning hours. There was to news regarding the stock. Later it declined to 124 and a fraction but closed with a net gain, a record that few stocks had for the

Talk regarding the purchase of the Brooklyn Rapid Transit by the Pennsyl-vania people was again heard, but it was received with not much credence by con-servative people. The advance in this stock early in the week seems to have been due entirely to professional manipu-lation. In the same way the talk of the buying of the Manhattan line by the Met-ropolitan received little attention. in a narrow speculation. In a general way it was likely that the elecumstances which at the end of the half year. The talk of appealed most directly to the average spec-ulator, and which induced him to realize his accrued profits were the prospecta that Saturday's hank statement will show a heavy resection in surplus reserves, together with the likelihood that the domestic political situation will, with the coming
month, attain a more conspicuous position
in general notice.

The news from China was gratifying and
this circumstance, together with the further appreciable relaxation in discount, the officers recently has all been in a most conservative strain.

Pacific Mail awas one of the features of the market yesterday, with an advance at one time to 33 3-4. It declined during the last hour, but closed the day at 32 1-4. It declined curing the last hour, but closed the day at 32 1-4, with a net gain. The sentiment regarding the conspicuous of which was Sugar Refining. THE CHICAGO GRAIN MARKET.

Wheat Declines on Liberal Liquida-

tion by Commission Houses. CHICAGO, Aug. 16.-Wheat was weak oday, declining I cent. There was liberal "ay has been the case at some times in the past.

Sugar broke away from the general market largely yesterday morning. While re-

ing effect upon the bulls. The cash demand here was alow, 75,000 bushels. The seaboard reports 22 loads.

Corn was firm without being active. The congestion in the September is about the sole feature at the moment. Prices at their best were up almost a cent, bur lost about half of this advance. Heavy rains through lowa lessened the offerings from that quarter. Country offerings generally are querter. Country offerings generally are light. Liverpool was 2-8d higher. The "Price Current" estimates the growing crop at 2,100,600,000 bushels. Outs were steady within narrow limits.

The market felt the large buying of Wedneeday. Country offerings have lessened partly because of rains and partly because of the corn strength. Car lots here are not so large, 294 today, with 365 for temorrow.

In provisions, pork and ribs, particularly the former, were lower under heavy real-
